10 Choice Young Herd Bulls

Announcement

The pedigrees presented in this catalog are offered for your consideration without fear of any serious criticism from constructive breeders. They, in most cases, represent thirty years of effort—almost a third of a century—in the building of Hedgewood Shorthorns to their present standard of quality and usefulness. During these years we have tried to exercise judicious care in the selection of our breeding matrons as well as in the selection of our herd bulls, eliminating all that we felt did not possess that combination of good breeding and individual character necessary to the substantial improvement of our herd and the breed in general. Our cattle are produced and developed under normal farm conditions and are free from the effects of unnatural pampering or forced growth to the extent that they have always made good in the hands of their purchasers.

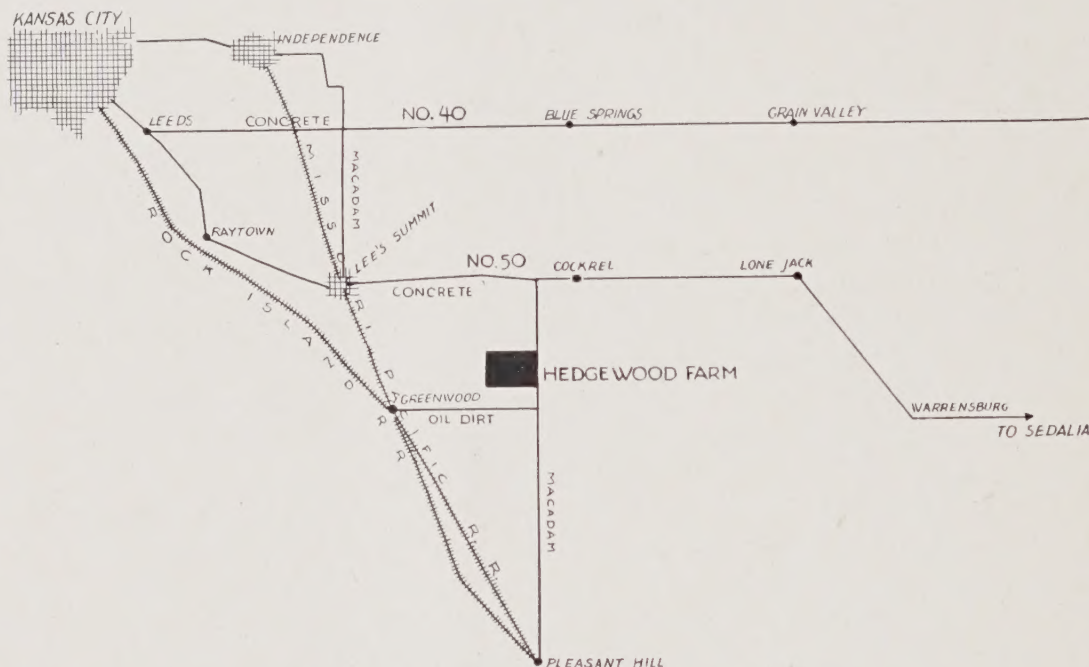

This offering is, in point of breeding and individual desirability, we believe, the most valuable it has ever been our pleasure to present the buying public. The ten bulls are real herd bull prospects, while the cows and heifers are possessed of real breeding character with a lineage of productive blood lines that have been fundamental in breed improvement.

We invite you to be with us Thursday, June 24.

W. A. FORSYTHE & SONS,
Greenwood, Mo.

We purchased Rosewood Radium as a calf and he proved so successful as a sire that he was retained in our herd during his entire life of usefulness. Many of the best cattle we have ever produced were sired by him, including one of our present herd bulls, Rosewood Luxury, who is also proving a great breeder, as you will observe from his get in this sale offering.

From the many good sons of Rosewood Radium, Rosewood Luxury was retained for use in our herd and has given such satisfactory results as a sire that he has been kept in constant use. He will give a good account of himself on sale day when his get will be submitted for your consideration. His dam, Imp. Doune Rosewood 2d, a daughter of Dunglass Brilliant claimed by competent judges to be the best individual among the ten head of heifers, imported for us from Scotland by Leslie Smith. From the service of Rosewood Radium Rosewood Luxury was calved, thus concentrating the best blood of two continents. Individually, we consider him in class of the breed's best bulls.

After prolonged search for a bull qualified to follow Rosewood Radium and Rosewood Luxury, we attended the Carpenter & Ross Dispersion and secured, at a long price, what we then and now regard the best son of imported Rodney. He has fully lived up to our expectations as a sire. His dam is a Rosemary by Maxwalton Revolution, with all of her dams, except one, bred by George Shepherd. Bulls and heifers sired by him are all built on the same type. Selections from his get is largely a matter of individual taste, since they all possess the uniform thickness with good heads and fleshing qualities that will recommend them to all lovers of good cattle. Buyers of females bred to him can rest assured they will get good results from his service because he has already proven himself a sire of marked ability.

HEDGEWOOD HARMONY goes into the sale as a Senior Yearling, without special fitting. We regard him as the equal or possibly the best bull we have ever produced in our 30 years of breeding Shorthorns. Few bulls of the breed ever boasted of shorter coupling in proportion to their depth, weight and bone. Few bulls have better tops and his head and crest are also exceptional. His depth is unusual and he stands four square on his underpinning. His color could scarcely be improved upon. He is a dark red roan. He is sired by Rosewood Luxury, a double-bred Rosewood. We imported his dam, a richly bred Broadhooks sired by the Duthie bull, Captain Clarion, on a beautiful Cruickshank foundation. To see this bull is to see one of the breed's best yearlings both in point of individuality and breeding.

ROSEWOOD LUXURIANT—Here is blended the blood of Rosewood Radium and Fair Acres Sultan, on a Bruce Rosewood foundation, which has produced highly satisfactory results. Fleshing qualities combined with a uniform conformation justifies placing a high estimate on him for a herd sire. His dam, Rosewood 88th, a daughter of Choice Stamp, that we sold as a yearling for \$1200, sells in this sale as one of the most valuable "Rosewood" breeding cows we ever owned.

LUSTRE LUXURY.—To write a pedigree co-mingling the blood of bulls that figure more conspicuously in Shorthorn affairs than is shown in this bull's ancestry would be difficult. With a good head and an exceptionally strong top line. He would show better proportions with slightly more depth, which will doubtless come with full development, since his dam, an outstanding individual, is both thick and deep.

RODNEY'S CAVALIER is a red son of Rodney's Masterpiece out of a "Broadhooks" dam that is a three-quarter sister to Hedgewood Harmony (in the sale), the greatest bull we ever bred. He has the head, crest and back, that belongs to the sons of Rodney's Masterpiece. His granddam was imported by us from Scotland. You will not only find in this calf a real individual but one that is backed by a rare line of breeding. He is a stall mate and exact duplicate of Rodney's Madel—Lot 8.

HEDGEWOOD MASTERPIECE is just a few days over a year old. He is a red son of Rodney's Masterpiece and has a most wonderful head, crest, back and rib. No bull could be smoother. He comes from a Mary Ann of Lancaster cow whose grandam we imported. His dam is by the Augusta bull Advertiser. The second dam is by Kilblean Champion and the imported cow and her dam were both by Duthie bred bulls. We wonder if there is a calf in the sale with more outcome to him than this one.
